

Electrical Part for Forklifts

Forklift Electrical Part - Lift trucks along with different forklifts can have specific labels utilized in certain hazardous locations. The label denotes that this certain model of lift truck meets the minimum standards of ANSI/UL 553 utilized for electric lift trucks or ANSI/UL 558 for internal combustion engine lift trucks.

The application for labels intended for lift forklifts can be found in National Fire Protection Association NFPA 505 - Powered Industrial trucks including: Areas of Use, Maintenance and Operation, and Type Designations. Consult your local insurance carrier and Fire Marshall for more info regarding the approved uses of industrial powered forklifts in your application.

If the lift truck has been found to meet the outlined criteria, the following labels can be placed. A labeled truck will have the model description put on the lift truck nameplate and will have one of the following labels placed.
